# ABOUT US

At Trademark Electrical Co, we set the highest standard from the outset with clear communication, careful planning, and disciplined execution on site. We are committed to delivering electrical works to a high standard, with a strong focus on safety, quality, and reliability across every stage of a project.

Having relocated from Sydney to the Mid North Coast, we bring proven experience across residential, commercial, and industrial environments. Our approach is built on consistency, time efficiency, attention to detail, and working closely with builders and clients to ensure smooth delivery from rough-in through to final handover.

2026
